

## Open Design Engine - Bug # 264: New Project Creation Does Not Require Selection of Software or Documentation Licenses

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Jeremy Wright	<b>Category:</b>	
<b>Created:</b>	08/19/2014	<b>Assignee:</b>	Christopher Sigman
<b>Updated:</b>	08/19/2014	<b>Due date:</b>	
<b>Subject:</b>	New Project Creation Does Not Require Selection of Software or Documentation Licenses		
<b>Description</b>			
If you select the hardware license, but not other licenses, the project is still created. I think it should at least stop you if you haven't selected a documentation license.
